LOHITHA V

AI Engineer

E-mail: lohithav05@gmail.com |**LinkedIn:** Lohitha Vengatesan |**Github:** Lohithav05 | **Phone:** +91 8098508387

CAREER OBJECTIVE

Seeking an opportunity as an AI Engineer Apprentice to apply my knowledge of Python, Artificial Intelligence, and Cloud Computing, develop practical skills in LLM APIs, JavaScript, and SQL, and contribute to innovative AI-driven solutions while continuously learning and growing professionally.

EDUCATION

ManakulaVinayagarInstituteofTechnology, Puducherry — **2023-2027**
B.Tech - Information Technology — CGPA : 8.92(till 6th sem)

Aditya Vidhyashram Residential School,Puducherry — **2022-2023**
HSC (CBSE) — 76.2% (2023)

Sai Ram Vidyalaya ,Ulavaikal, Puducherry — **2020-2021**
SSC (CBSE) — 89% (2021)

SKILLS

- **Programming:** Python
- **Web & Databases:** HTML, CSS, MySQL, MongoDB
- **Cloud & Tools:** AWS, Docker, Git, GitHub, Linux, Windows, Figma

AREA OF INTEREST

- Cloud Computing and Devops
- AI

CERTIFICATIONS

- AWS Cloud Practitoner Essentials- **AWS Skillbuilder** (Aug 2025)
- Introduction to MongoDB for students-**MongoDB** (July 2024)
- Networking Basics - **Cisco** (Aug 2025)
- Introduction to Graphic Design-**NPTEL (**Apr 2025)
- Minor courses in AI: Foundations of Data science, Foundations of AI, Applications of AI

INTERNSHIP

IoT Intern – VEI Technologies Inc. (Nov 2024)

- Completed 21-day internship focused on IoT system development and sensor integration. Gained hands- on experience with real-time data collection and communication protocols.

AI: Transformative Learning with TechSaksham – Edunet Foundation (Feb–Mar 2025)

- Completed a hands-on AI training program focused on real-world applications and foundational concepts in artificial intelligence.

PROJECTS

CreativeMinds-Anytime learning and course registration system **(Jan-May 2026)**

- Developed a Course Registration System that enables students to enroll in courses and access course-specific e-learning content through a centralized web platform.
- Implemented student authentication, course enrollment, and secure access to study materials, allowing students to learn at their own pace.

TrustGuard-AI Driven Dynamic Zero Trust Land record Management Website (link) **(July 2026-present)**

- Developed a full-stack Land Records Management System for the Revenue Department with secure document management and role-based access.
- Implemented Dynamic Zero Trust Access Control using trust-score evaluation and continuous session monitoring to dynamically manage user permissions with RBAC and Isolation Forest Model.
